## INDUSTRIAL WET & DRY VACCUUM CLEANER - C 30

Technologically advanced industrial wet & dry vacuum systems that have been proven and tested across the world.

Robust construction with a virtually indestructible stainless steel body and low-noise, cooled turbine motors ensure long life. The single motor version offers high suction power and durability. The vacuum motors are designed to ensure consistent performance and life even under extensive usage. The accessories are designed to offer best cleaning results with little or no exhaustion to the operator.

Although twice the capacity we have added a folding handle design allowing easy movement when in use whilst also allowing compact storage.

The accessory kit provides tools for both wet and dry operation with stainless steel tube sets as standard.

Comprehensive range of multipurpose accessories for daily wet and dry cleaning depending upon the type of application.

**ADVANTAGES:** Durable flexi-hose, washable and reusable filter, and a motor that can run without breaks over considerably longer periods.

Additional accessories available on request.
